2016 has been off to a wonderful start here at the FACE Foundation!

Thanks to the generosity of our friends like you, FACE will save our 1,500th life this year! As this incredible milestone approaches, so does another huge occasion: **FACE's 10 year anniversary!**

FACE started as a small vision, an idea that "economic euthanasia" was preventable, that beloved pets did not need to die simply because of their family's financial struggles. But someone had to do something about it.

That vision turned into a small group of dedicated volunteers—in our first year FACE saved 12 lives, each one so precious, each life a victory. Now, with a full-time team and a mission that our community has rallied behind, FACE expects to save 300 lives this year as we expand, improve, and grow for the animals in our community.

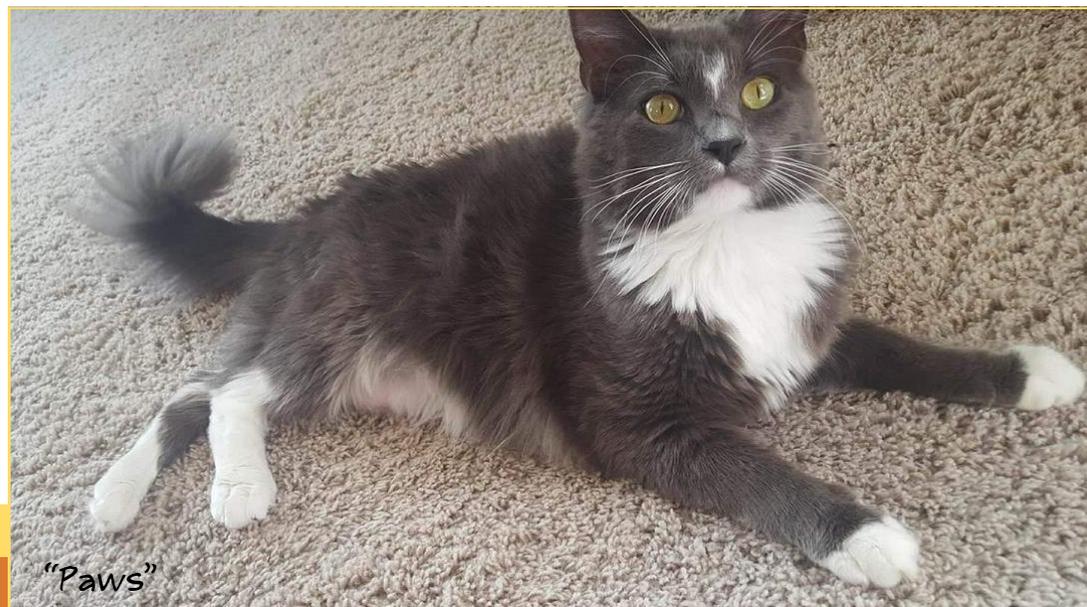

We have much to celebrate, but at the end of the day, we are most grateful for the precious lives saved and for our supporters who make our mission possible. Our goal of "saving pets and helping families" is a community effort and we would not be where we are today without your continued compassion.

Thank you to each and every one of you who make are work possible.

Always for the animals,
Your friends at FACE

FACE Fights Cancer

Two years ago FACE joined the fight against canine and feline cancer. Thanks to generous grants from the Petco Foundation and Blue Buffalo, in the last two years FACE has been able to help save twelve lucky pets battling cancer. We were fortunate enough to receive another grant this year, enabling us to save even more lives!

FACE Success Stories Fedor (pictured below), Rico, Jackson, and Lilo were selected to be featured in Blue Buffalo's *national* marketing campaign this year! Look for their photos online and at all Petco locations! We are so grateful for these precious second chances.

Your Support Make Success Stories Possible

Fedor, Cancer Survivor

From one group of caring pet lovers to another – thank you so much for giving hope to pet parents and their furry family members!

It's our 7th annual Pet Cancer Awareness program and we're proud to be joining forces with you again to fight this deadly disease. With your assistance last year, we raised over \$2.3 million for Pet Cancer Awareness to help support university and clinical studies that research pet cancer causes, prevention, treatments and a cure!

How Your Support Helped Fedor

After breaking his leg while playing a game of fetch, it was discovered the Fedor had osteosarcoma, a common form of bone cancer in dogs.

After exhausting all available financial resources, Fedor's owner Brad had limited options. However, thanks to generous donations that funded the FACE Foundation, Fedor was able to get the surgery and subsequent treatments he needed to save his life. More than just awareness, this month is about saving lives.

6th annual Bags & Baubles a Success!

Bags & Baubles was a wonderful success! This year FACE's annual silent auction of handbags, jewelry, sunglasses, and accessories was better than ever! Guests were also wined and dined, and enjoyed tours of the incredible estate. The event was attended by nearly 500 supporters, and FACE raised nearly \$140,000 for the animals! We are proud to say that with only \$2,042 in expenses, 99% of the proceeds will go to animals in need. Special thanks to our sponsors, donors, committee, volunteers, and attendees for making the day so special!
