Tips on Crowdfunding from Mobile Cause Webinar: Crowdfunding for Everyday Fundraisers

- Create a sense of urgency
- Tell your story with passion
- Engage fundraisers and donors with videos and photos
- Make it as easy as possible for donors to give
- Make it as easy as possible for supporters to share with their networks

Crowdfunding campaigns should be:

- Narrow in scope (300-500 word description)
- Short timeframe with a fixed duration (6-9 weeks)
- Target a specific audience that will resonate with the campaign
- Quantifiable in impact (what reaching the fundraising goal will accomplish)
- Not ran on multiple crowdfunding platforms at the same time

We wish you and your pet the best of luck!
