Dr. Yoo

Dr. Sirius K. Yoo
SKY Facial Plastic Surgery

Board certified in both facial plastic surgery and head & neck surgery, Dr. Yoo is one of a select number of surgeons in the nation to complete a prestigious fellowship in facial plastic surgery at Stanford University. He specializes in the face and neck only, offering traditional procedures like facelift, fat transfer, blepharoplasty and rhinoplasty, as well as unique procedures not offered elsewhere such as a scarless approach to removing forehead bumps.

A leader in his field, Dr. Yoo's advanced surgical techniques draw patients from around the world. "We've had patients travel from Canada, Germany, France, England, Turkey and Australia," says Dr. Yoo. "Every surgery is customized to the patient, but most include a focus on the lower face and neck, the nose, and the eyes."

Recently declared Best in Plastic Surgery by both Modern Luxury and Union-Tribune, Dr. Yoo has also been named the best facial plastic surgeon in San Diego by Ranch & Coast magazine every year since 2015. Dr. Yoo focuses on the face and neck only and is best known for results that look natural.

"The most impressive results lift, resurface and restore. I've found this is best accomplished by combining surgery with lasers and injectables (or fat transfers) and by focusing on the face as a whole instead of just one area," explains Dr. Yoo.

"I also use advanced techniques that weren't available 10-15 years ago that when performed properly make the days of fearing looking 'pulled' or 'overdone' long gone. One example of this is doing more extensive undermining of the tissues during a facelift. My facelift technique is different than a lot of surgeons in this way. I also firmly believe that the surgical plan should embrace a patient's existing anatomy. This makes for a more natural result and one that is in harmony with the patient's culture and identity.

A patient who underwent a custom SKY surgery had this to say one year after her surgery: "Everything was done with the most exceptional care and precision which resulted in incredible outcomes. Dr. Yoo has done a stunning job. I look at least 10 years younger, but my face still looks really natural and I still look like myself. Everyone has given me compliments on my looks and I feel much more confident." skyfacialplasticsurgery.com

Skype Consultations with Dr. Yoo

With patients who fly in from all over the world for surgery with Dr. Yoo, we've been offering virtual consultations for years. Our Skype consultations offer the same great experience you'd get in person from the comfort and safety of your own home.

If you're interested in getting a customized treatment plan from Dr. Yoo for a specific area of your face and neck, then a Skype consultation with Dr. Yoo may be an excellent place to start.

Skype consultations are \$150 and right now we're offering the following for consultations prior to May 1:

- Receive a \$150 credit good towards any of our skincare products or a future treatment. This credit can be applied towards our Gift With Purchase promotion.

- If surgery is recommended and you decide to place a deposit by April 30, we'll take an additional \$500 off of your surgery estimate and your pricing will be locked in for two years.

To schedule, call (858) 381-4801. Our phones are open Monday through Friday, 9am until 5pm.
