ABOUT THE FACE FOUNDATION

The Foundation for Animal Care and Education (FACE) is a not-for-profit 501(c)(3) public charity that provides financial grants for animal owners who are unable to afford the cost of their pet's emergency or critical care.

WHAT WE DO

We give financial grants for San Diego County pets in need of life-saving veterinary care. FACE has directly **saved the lives of over 2,800 animals** and provided assistance to thousands of families.

Sasha

THE PROBLEM

Each year, many animals are brought to their veterinarian with life-threatening conditions. Sadly, many owners cannot afford the critical care their beloved pets need to survive. They are typically left with only one choice — euthanasia. This term is called economic euthanasia: when a treatable animal is put down simply because the medical treatment is unaffordable.

FACE's **Save A Life Program** was created to address the tragedy of economic euthanasia. What started out as a vision to stop the surrender and euthanasia of beloved family pets has become a supportive center where families in crisis can get a helping hand to save their pets' lives.

WHO WE HELP

FACE grantees are typically low-income families, senior citizens, veterans, military families, students, disabled individuals, or hard-working families and individuals who struggle to survive paycheck to paycheck. We carefully screen applicants (including the requirement of proof of income) to ensure we are helping those who are truly in need of assistance.

HOW FACE OPERATES

Chloe

FACE proudly works with over 176 veterinary hospitals throughout San Diego County. Veterinary partners make FACE's work possible by generously discounting their services for qualified FACE patients by at least 25%, and helping to fundraise whenever possible.

FACE relies solely on donations to continue providing access to life saving veterinary care and to enhance and preserve the quality of life for these loving pets.
